1 JSNA - Introduction

The Health and Social Care Act 2012 amended the Local Government and Public Involvement in Health Act 2007 to introduce duties and powers for HWBs in relation to Joint Strategic Needs Assessments (JSNA).

The aim of the JSNA is to improve the health and wellbeing of the local community and reduce inequalities for all ages, identifying those groups where health and care needs are not being met and those which are experiencing comparatively different outcomes.

Hillingdon JSNA is an ongoing process which is used to determine what actions Hillingdon Council, Hillingdon NHS and our partners need to take to prioritise and address health and social care needs, improve health outcomes and reduce health inequalities. The JSNA pulls together local needs assessments, strategies, and plans which can be found at www.hillingdon.gov.uk/jsna.

This section provides a short summary of the main findings from the 2022 Hillingdon Joint Strategic Needs Assessment.

It includes:

- An introduction to Hillingdon
- One-page summaries for the JSNA overall and for young people, for working age adults and for older people
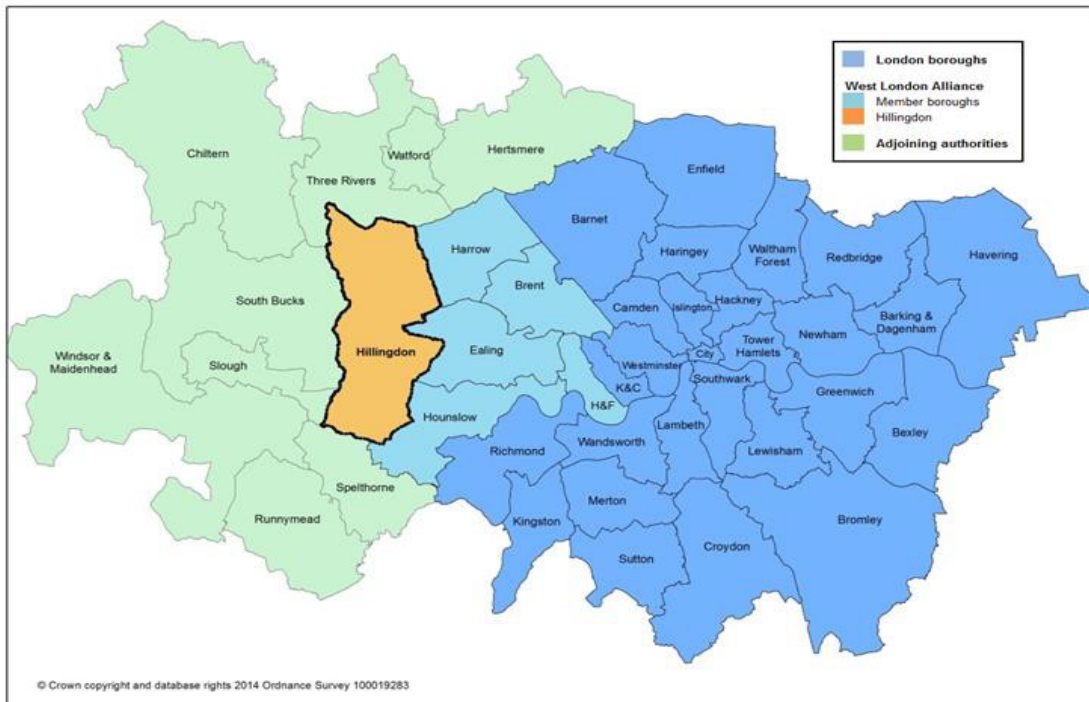

Hillingdon

Hillingdon is the second largest of London's 32 boroughs covering an area of 42 square miles over half of which is a mosaic of countryside including canals, rivers, parks and woodland, interspersed with historic towns and villages. It shares borders with Hertfordshire, Buckinghamshire, Surrey, Hounslow, Ealing, and Harrow.

The far south of Hillingdon is dominated by Heathrow Airport and the transportation infrastructure and hospitality services which support it. The Hayes area together with Yiewsley and West Drayton are more urban in nature. Uxbridge provides a metropolitan shopping centre and Tube line terminus and is home to Brunel University. RAF Northolt lies to the north of the A40 and is the oldest RAF station, dating back to 1915.

The population is diverse and growing and people are living longer. It includes more affluent areas (within the top 20% nationally) as well as areas of deprivation (within the lowest 20% nationally).

Hillingdon enjoys many characteristics that makes taking a joint approach to meeting the health and wellbeing needs of our population less of a challenge than for some other areas. We have a single local authority, one acute hospital trust with two sites in the borough, a GP confederation that includes 43 of the borough's 45 practices, a

single community health and community mental health provider and an established consortium of the five larger third sector organisations in the borough.

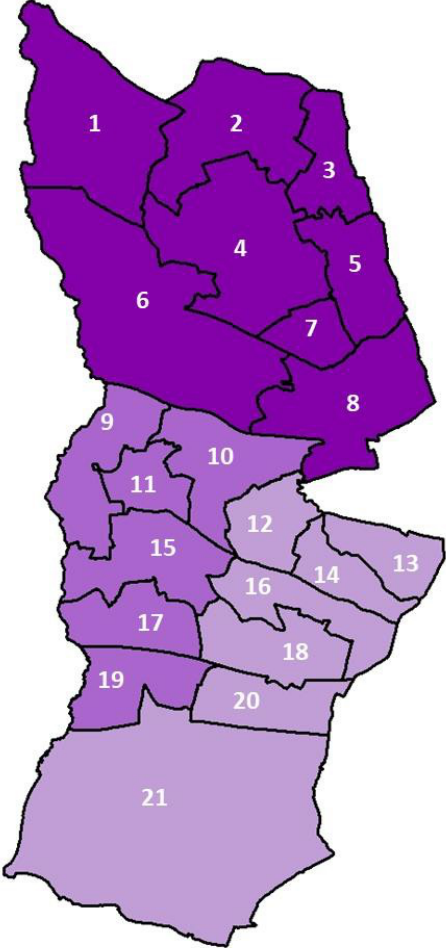

The borough is well served by a network of tube and rail links, especially into central London. Crossing through Hillingdon are the Grand Union canal, the M4 motorway, the A40, the A4020 and the Great Western Railway. Three London Underground lines (Piccadilly, Metropolitan and Central lines) start and end in the Borough. In the south, Heathrow Airport occupies 1,227 hectares of land. Crossrail is expected to open the Elizabeth line in 2022.

Hillingdon electoral wards (May 2022)

Wards in Hillingdon changed in May 2022 following the outcome of a review by the Local Government Boundary Commission. The following maps show ward structures from May 2022.
